**Moving FWD:**

For over a year, we have focused on surviving. Day-by-day striving for tomorrow, we have survived the pandemic, adjusted to telework, and balanced home life. We have weathered tragedy, learned to listen, speak up, and ultimately find strength in one another. Here we are. Survived. Now what? It is time for optimism and hope, time to persist and overcome the pandemic and xenophobia, time to gather our courage to make progress. For this reason, the theme for the 2021 Leadership Convention is “Moving FWD:”
